

**Team Member, Physician and APP counts were captured in May 2025. All other statistics are based on the 2024 calendar year with the exception of Total Community Benefit Programs which is calculated based on the 2023 calendar year. Statistics do not include UnityPoint Health Community Network Hospitals.*

At UnityPoint Health® we provide care throughout Iowa, western Illinois and southern Wisconsin in our hospitals, clinics and home health settings. We are dedicated to making it easier to live well.

Iowa Methodist Medical Center

Iowa Methodist Medical Center was established in 1901 and is known for being a teaching hospital and Level I Trauma Center. Iowa Methodist specializes in rehabilitation, emergency and trauma treatment, cancer treatment, cardiovascular care, central Iowa's only transplant center, surgery, maternity and women's services and orthopedics.

Iowa Lutheran Hospital

Since 1914, Iowa Lutheran Hospital has had a history of serving the Des Moines community and Central Iowa with a patient-centered, caring atmosphere. The hospital specializes in emergency care, chemical dependency treatment, behavioral health, general surgery, critical care and cardiovascular care.

Methodist West Hospital

In October 2009, Methodist West Hospital opened its doors to serve our growing community. The hospital specializes in orthopedic services, emergency treatment and maternity services as well as numerous outpatient services.

Blank Children's Hospital

Opened in 1944, Blank Children's Hospital has nearly 200 providers serving in 32 subspecialties. The hospital provides a comprehensive array of medical care services, family support services and community health and outreach programs. It embraces a family-centered care philosophy where families are recognized as an important part of a child's healing process and are encouraged to be actively involved in their child's care.

Grinnell Regional Medical Center

Grinnell Regional Medical Center serves more than 40,000 residents in a six-county rural area of eastern Central Iowa. The hospital specializes

in bariatric surgery, emergency medicine, family medicine, general surgery, internal medicine, laboratory and imaging services, obstetrics/gynecology, orthopedics, otolaryngology, pain management, podiatry and rural maternal health care.

John Stoddard Cancer Center

The John Stoddard Cancer Center remains at the forefront of cancer care in Central Iowa. It is among the most technologically advanced and diverse cancer centers in the Midwest. The cancer center offers a high standard of care coming from decades of research, cancer treatment experience and technological superiority.

Eyerly Ball Community Mental Health Services

Eyerly Ball is a Certified Community Behavioral Health Clinic that provides immediate access to behavioral health services through the Behavioral Health Access Center. Eyerly Ball is also an outpatient clinic that provides psychiatric medication management, outpatient therapy, substance use services and MAT (Medication Assisted Treatment), community-based services, peer services, crisis services and residential care. Eyerly Ball serves all ages.

Yunker Rehabilitation

Yunker Rehabilitation offers both inpatient and outpatient services to help individuals who have suffered a spinal cord injury, traumatic brain injury, amputation or stroke recover and get back to the life they love. Treatment programs are individualized based on level of function, support system and activity tolerance. Our goal is to improve functional ability and enhance life management skills.

Foundations

The UnityPoint Health – Des Moines Foundation and Grinnell Regional Medical Center Foundation are not-

for-profit organizations committed to generating resources for the sustainability and advancement of health care in Central Iowa. The Foundations raise, manage and distribute funds that promote and support programs and services at UnityPoint Health – Des Moines and UnityPoint Health – Grinnell. Thoughtful gifts of all sizes make possible advancements in medical research, state-of-the-art equipment and programs that meet the specific needs of our communities.

UnityPoint Clinic™

UnityPoint Clinic offers comprehensive services in family medicine, internal medicine, pediatrics, obstetrics/gynecology, walk-in care, including UnityPoint Clinic – Express, and other specialty services. The team at UnityPoint Clinic focuses on prevention services, including wellness screenings and health education. The clinical teams are improving outcomes, lowering the number of hospital readmissions, and reducing avoidable costs associated with treating chronic conditions.

UnityPoint at HomeSM

UnityPoint at Home serves the critical role of coordinating with UnityPoint Clinic and UnityPoint Health hospitals to surround the patient with all the resources and care necessary to

achieve wellness at home. Whether learning to manage a chronic disease, transitioning home from the hospital, or rehabilitating after an injury or surgery, UnityPoint at Home allows individuals to continue the level of care necessary to help restore health, well-being and independence all from the comfort of home.

UnityPoint Hospice

Facing the end-of-life can be an overwhelming and challenging time for a family and their loved ones. UnityPoint Hospice is here to give families the ability to embrace life through these times and provide dignity, hope and comfort for their loved ones during their end-of-life journey. Hospice services can be provided at home or at Taylor House Hospice located in Des Moines.
