# Access your COVID-19 Vaccination Information
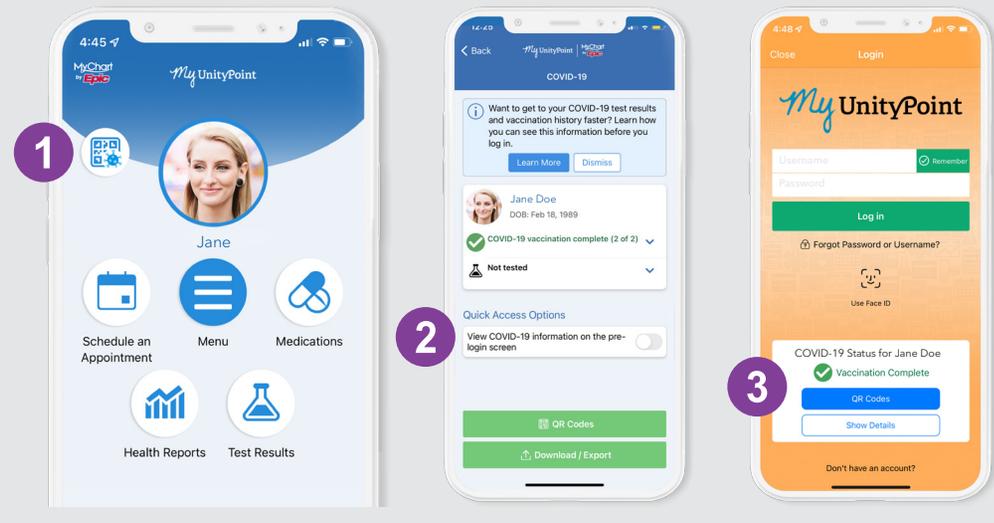

UnityPoint Health

If you plan to travel, or need to show vaccination status for an event, you can access your COVID-19 vaccination status in **MyUnityPoint (MyChart)**. Credentials can be displayed through MyUnityPoint on a mobile device, printed or saved to another mobile app. A business can then read the QR code. Simply log in to **MyUnityPoint**, click on **"Menu**," then "**COVID-19**" and finally "**QR codes**."

Share your COVID-19 info

Need to share your COVID-19 vaccination status or test result for travel or an event? Use this button at the top of the home page to quickly share your COVID-19 information with QR codes, printable PDFs, and more.

Jane D. Doe

Scan this QR code at participating locations to share your COVID-19 information.

✓ COVID-19 vaccination complete (2 of 2)

Note: Downloading results is highly recommended for international travel as MyUnityPoint access may not be available in some countries

How to Find Your COVID-19 Vaccine QR Code

1 Log into your MyUnityPoint account and click the COVID-19 QR code icon.

2 View your COVID-19 vaccination information OR if you received your vaccine at a non-UnityPoint Health location, you can manually add your COVID-19 vaccination information here.

3 Toggle on the "quick access option" to be able to access your COVID-19 vaccination information and QR code without logging in next time.
