UnityPoint Health Credentials Verification Office

Recredentialing Application Portal Tip Sheet

Thank you for your continued affiliation with UnityPoint Health!

The UnityPoint Health Credentials Verification Office (CVO) will send the applicant the online portal application invites via e-mail based on your re-credentialing due date.

If the CVO has been previously made aware of a Delegate Credentialing Contact, a person who can assist with completing the portal, the delegate will also receive an invitation via e-mail.

The e-mails and logins for the Practitioner and Delegate Credentialing Contacts are NOT interchangeable.

The application will slightly vary dependent upon if the applicant has hospital membership/privileges or if the applicant only has PHO (Medimore Payors) participation. Applicants are responsible for the final review, signing and submitting of the portal application.

If you have any questions please contact the CVO:

UPH CVO@unitypoint.org

Invitation E-mail

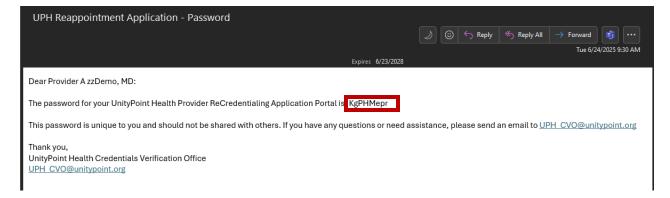

You, and if applicable the Delegate Credentialing Contact, will receive two (2) email notices from the CVO requesting that you complete your recredentialing. The e-mails and logins for the Practitioner and Delegate Credentialing Contacts are NOT interchangeable.

One email will outline your instructions and provide your direct link to your portal.

The second email will provide you the password to be used for your portal.

We recommend that you copy and paste the password to assure capitalization and proper letters are used. Make sure to not grab extra spaces before or after the password.

Credentialing Information to have on hand

The following information is provided to assist you in ensuring you have all of the information needed on your Application for quick credentialing turnaround. Please contact the CVO for any clarification needed.

UPH_CVO@unitypoint.org

Provider Assistance Line available from 7:00am-5:00pm CST: 515-241-7977

Prior to starting the application completion process via the UnityPoint Health Practitioner Portal you will need to gather the following information/documents.

For recredentialing applications, the CVO Requests all of your applicable information within the past 2 years if you are an Iowa Practitioner and 4 years if you are an Illinois Practitioner, if anything has been previously supplied to the CVO it should be prepopulated in your portal application for you.

Information:

- Current state license number(s), effective and expiration date(s)
- Current DEA number(s) and expiration date(s)
- Current Controlled Substance Registration number(s) and expiration date(s)
- Current malpractice insurance policy(ies) information including carrier name, policy number, effective and expiration date, per incident and aggregate amount
- Any new Medical and Training Program information and date(s) of attendance
- Board/National Certification number(s), date(s), and/or eligibility status/exam date(s), if applicable
- Hospital/Ambulatory Surgery Center Affiliation information and date(s), if applicable
- Work History and Gap Explanations
- Back-Up/Covering Provider information
- Collaborative/Supervising Physician information if you are an Advanced Practice Provider
- Be prepared to answer questions regarding your professional history such as non-renewed Hospital privileges, financial investments/relationships, malpractice claims filed, criminal history, health and vaccine status, etc.

Documents:

- A <u>PDF</u> copy of your Current Malpractice Insurance Certificate(s)
 - NOTE: You are not required to provide a copy of this if you have already supplied a recent copy to the CVO, but providing a current copy is always appreciated

Applicant Portal - Basic Info & Troubleshooting

Note the compatibility requirements.

The UnityPoint Health Practitioner Portal is located here:

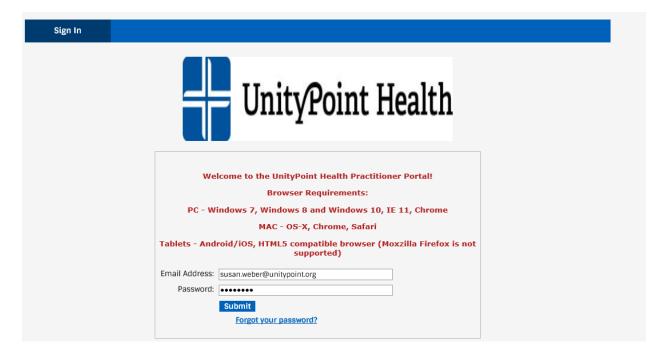

Practitioner Portal

To access the Practitioner Portal as a delegated (credentialing contact) user: Delegate Cred Contact - Practitioner Portal

Be sure you are utilizing the correct webpage and login! The most common issue with logins is the Provider trying to use the Delegate website and password, or the Delegate trying to use the Provider website and password.

Upon clicking on your portal link in the email you will arrive at the log in page. Enter your email address that your portal invitation was sent to and enter the password provided in the second email.

If the applicant cannot get the password to work try the "Forgot your password" feature, see below for troubleshooting tips. If you are still unable to access your application please contact the CVO: UPH_CVO@unitypoint.org

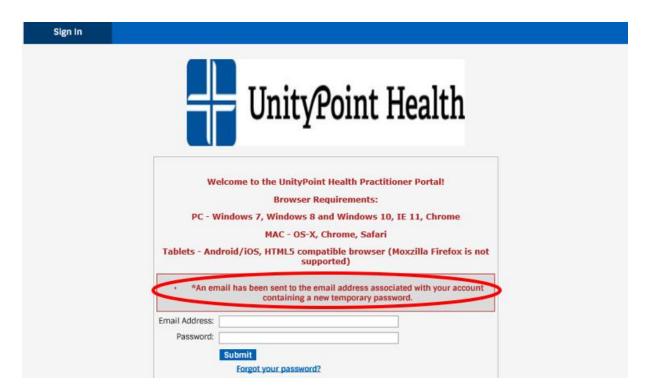

Password troubleshooting:

If your password does not appear to work, you can click on the "Forgot your password?" option and you will be prompted to the following screen. Last name and first name must match with our names in the credentialing software system.

Successful matching of last name and first name to our system will be confirmed with this message stating a new temporary password has been sent to the original email where the portal invitation was sent.

The password email will ONLY give you the new password. You will use your original recredentialing portal email for the portal link.

We recommend that you copy/paste the password, making sure to not grab extra space prior or after the password.

Please be aware the application will timeout and could cause portal issues if left open for an extended length of time without activity.

Your session has timed out. Please close the Practitioner Portal browser window.

If this occurs, be sure to <u>completely close your internet browser</u> and then retry entering the portal. Sometimes when there has been too long of inactivity, you get locked out – this closing of the browser is necessary to reset it. You may also need to clear your browser history/cache and/or restart your computer.

Once logged into the portal the main screen outlines all the required information that will be needed for application completion. The portal will walk the applicant through all the sections, providing instructions along the way.

CVO IL Recredentialing with Privileges 3/1/2025

Begin

You have been granted access to this site to permit the electronic completion of the CVO initial credentialing application portal. Once you have read through the instructions below, click the blue "Begin" button above to proceed.

System Features to Understand:

Navigation: Sections of the portal application appear horizontally across the screen. To begin reviewing/populating information within each section click the blue "Continue" button or click on the item link(s) at the left in each section.

As sections are completed and saved they will show a blue check mark. The "My Home" link will allow you to check the overall completion status of the application. The "Summary Report" will allow you to review a summary of the portal application during completion.

Red Flags: Symbolizes a missed requirement or incorrect format entry. Red Flags must be fixed or the portal will not submit.

Timing Out Will Occur: The portal will timeout with inactivity. If you must leave the portal to gather information, save and log out.

Document Upload: You will be able to upload documents that will be transmitted to the CVO.

NOTE: ONLY THE PRACTITIONER IS ALLOWED TO COMPLETE THE DISCLOSURE QUESTIONS AND THE PRIVILEGES FORM(S) AN CLICK THE "SUBMIT" BUTTON.

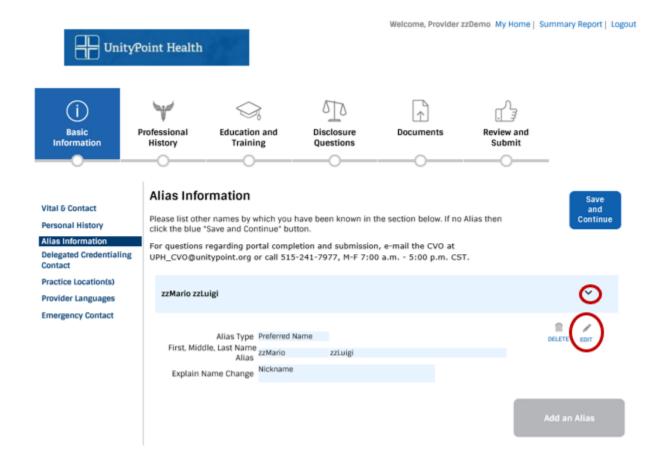

For questions regarding portal completion and submission, e-mail the CVO at UPH_CVO@unitypoint.org or call 515-241-7977, M-F 7:00 a.m. - 5:00 p.m. CST.

Information will be populated in the portal *if* we have the information in our credentialing software system already from prior information supplied by the applicant. This information needs to be reviewed by the applicant for accuracy by clicking on the down arrow next to each entry and "Edit" to review all information loaded. Recredentialing information is based on the **past 2 years (lowa) or 4 years (Illinois)** of information.

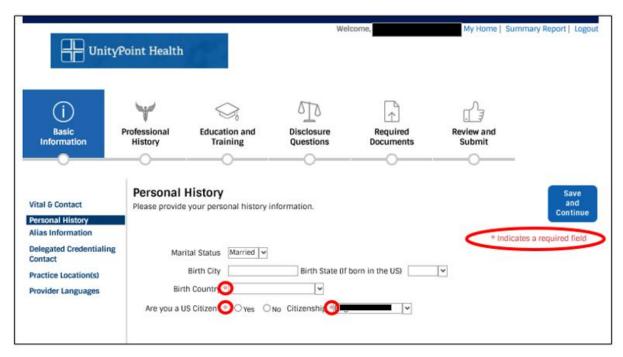

Fields with Red Asterisk* are required fields. If they are not filled in the portal will place a Red Flag next to the section header where a field need addressed.

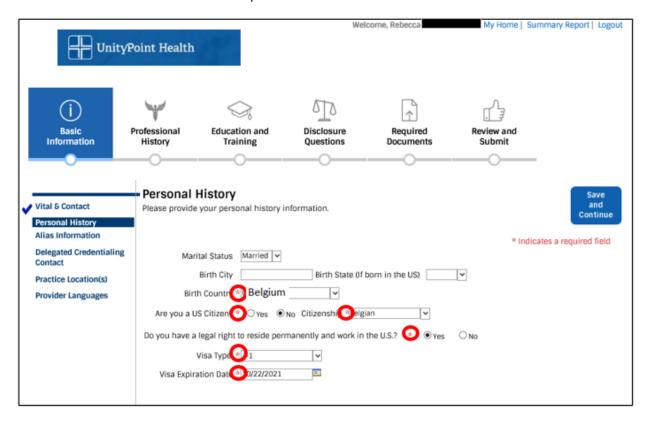

Example of when answering a question may open up another required field:

U.S. Citizen = No Visa information required

Not a U.S. Citizen = Visa information required

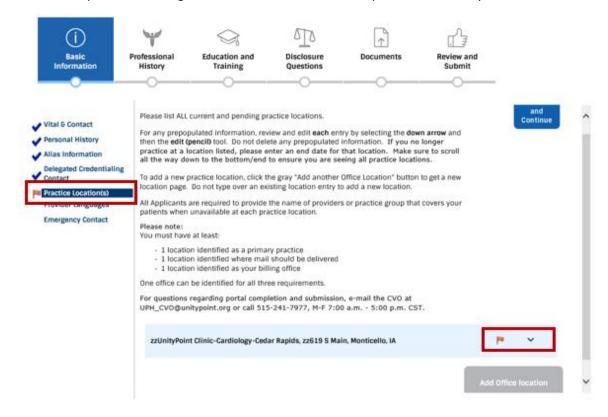

Page **10** of **69**

You will get a pop-up warning you that the required information was not populated. You can skip this by selecting "Continue" but you will still be required to go back and complete the needed information.

If you do not address the required field a Red Flag will remain – this must be addressed, or the application will not allow you to submit the portal application. Be sure to use the "Save and Continue" button to be sure your changes are saved, and your flags are cleared.

Alias Information -

Please provide any former or alternate names.

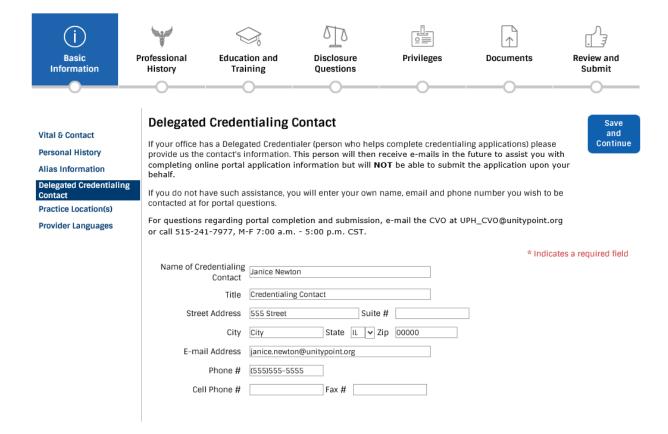

If you have married and had a name change since your last recredentialing cycle we must have appropriate documentation of your name change. The Credentialing Coordinator processing your application will contact you for a marriage certificate, etc. or may ask you to submit a service now request to get that updated in our system.

Delegated Credentialing Contact -

If someone will be assisting you in the completion of your application their information will be populated here, if you wish to add someone to assist in your application processing please list them here. This person will then be added to your profile and will receive future messages for recredentialing, licensure expirations, etc. They can NOT submit your portal application or privilege requests.

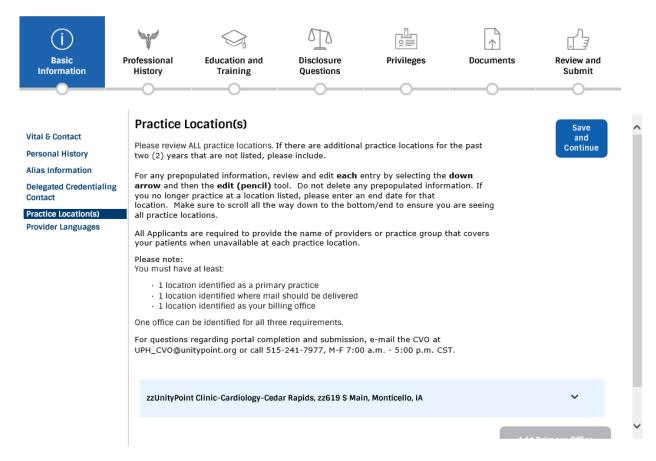

If you do not have such a person in your office, enter the email and phone number you want to be contacted at for recredentialing and expiration notices.

Practice Locations -

Remember information will be populated in the portal *if* we have the information in our credentialing software system already from prior information supplied by the applicant. This information needs to be reviewed by the applicant for accuracy by clicking on the down arrow next to each entry and "Edit" to review all information loaded.

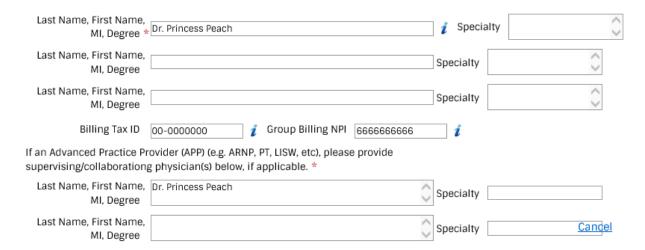

- All current and prior practice locations in the past 2 years (lowa) or 4 years (Illinois) must be listed on the application.

Covering/Back-Up Practitioners:

We must have covering Physicians/Practitioners listed for your clinical practice locations that will manage your patients when you are unavailable. Covering/Back-up Providers are Providers who will provide coverage for you when you are out of the office and unable to provide continuation of care to patients.

Your Covering/Back-up Practitioners can be a group or individual and should be listed as "GROUP NAME" or "FIRST/LAST NAME, DEGREE" to satisfy this requirement. For example: an Emergency Department Provider may list "ED Department" as the group name or a Hospitalist may list "Hospitalist Group".

This requirement is applicable to Locums as well as although your role is to cover for another Physicians/Practitioner, your Locum Company or the Practice you are covering for should be able to provide another Practitioner to cover your role in your absence.

If you are applying for privileges the covering Physicians/Practitioners you utilize must have privileges at the same UPH location you are applying for.

Professional History Section

Licensure, Registrations and Certifications Section

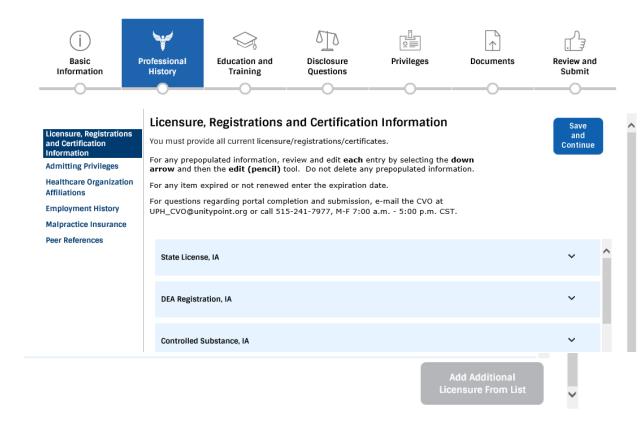

All current and pending licenses, registrations, and certifications held must be provided. If we have information in our system already it will populate, and you will need to review those lines for accuracy.

- You will use the ID Type drop down to add licenses, registrations, and certifications
- All current licenses need to be listed on your Application. For Licenses that are no longer active, please review the Disclosure Questions and complete associated Disclosure Forms if applicable.
 - If you have reported Training Programs, Hospitals, and Work History in a certain state, have you also provided us that State License, CSA, and DEA information?
 - If your employer is based in a state that you do not work in please add a comment to that employment history entry to explain. For example, you work for a locums company based in Texas, but you only work in Nebraska, Illinois, and lowa.
 - You will need end dates for licenses that are no longer active do NOT delete prior licenses that populate.
- Illinois Applicants will need to supply the schedules on their DEA Certifications as part of the application.
- You must verify the status and limitations of all your licensure.

 Regarding the question "Is this license unlimited?" on the Illinois Applications

Is the State License	Yes	○ No
Unlimited?	i	

- A "Yes" answer is appropriate if your licensure has no limitations beyond the regular scope of practice. For example, a mid-level provider practicing under the supervision of a Physician is not a limitation if that falls under the regular scope of practice. Or a Controlled Substance or DEA certificate that does not include schedule I drugs, substances, or chemicals; Schedule I are defined as drugs with no currently accepted medical use and as such this schedule is not typically issued.
- A "No" answer is required if there are any limitations to your licensure. For
 example, a license issued only for public agency or non-profit employment, or a
 DEA issued only for a University.
- Enter "NA" for the state if it is not a state specific ID number such as NPI, ECFMG, or a CPR certificate

You will be prompted to provide the appropriate information starting with the Iowa or Illinois State license as applicable, then DEA, CSA, NPI, ECFMG, and additional licensure from list. To add licensure and certifications, including pending, you will select the gray box. *If there is pre-populated information in your application your prompts may vary.*

Admitting Privileges -

The UnityPoint Health PHO-Medimore needs to know admitting arrangements for reporting to payers. If a provider is not seeking hospital admitting privileges a group must be identified for covering hospital admissions. A UPH hospital needs to be identified too. This does NOT mean you can only send patients to that hospital.

This is a requirement for the UnityPoint Health PHO, Medimore, participation. You will enter the start date that the admitting arrangement was made for the hospital location.

If you have questions on this requirement, please submit your question to uph medimorecred@unitypoint.org

Healthcare Organization Affiliations -

You must enter all hospital and ambulatory surgery center affiliations within the **past 2 years (lowa) or 4 years (Illinois)** – current, pending, and prior.

Do <u>NOT</u> delete facilities that you no longer hold membership/privileges. We must have your end date at the location. For affiliations that are no longer active, please review the Disclosure Questions and complete associated Disclosure Forms if applicable.

We need to know the status of your membership/privileges at each facility.

To add facilities, including pending facilities, you will select the gray box "Add Healthcare Affiliation"

If you select "I do not have Current Healthcare Affiliation" please ensure you have supplied your Admitting Arrangement in the section before this on your portal.

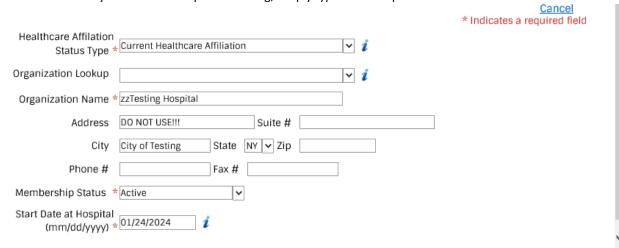

Add Healthcare Affiliation

Example of requested fields for "Active" and "Pending" Membership Status:

When adding in new facilities:

- Choose "Current" for active and pending, and "Prior" for inactive
- If your membership is pending, use the date you applied to satisfy the "Start Date" requirement if needed.
- You can use the search feature in the "Organization Lookup" line identified below. Click on the italics symbol for additional search tips.
- IF the facility is not in the drop-down listing, simply type in the required data field information.

If you choose "Inactive" Membership Status you will be given another field to supply the End Date:

Illinois Applicants will need to provide information on any limitations in their area of specialty for Hospitals:

Employment History

You are REQUIRED to list all employment engagements for the **past 2 years (lowa) or 4 years (Illinois)** as requested.

All work engagements must be entered, including explanation of any gaps in your employment greater than 30 days.

If you are no longer employed with an entity, you must enter an end date. Do **NOT** delete prior employers. A current employer is required to be listed, if you end your employment with a location ensure you have entered a new employer if they are not already reported on your application, this includes future employment.

NOTE – Practice locations that are under the same employer do not get listed here. Only enter your primary location with that employer in this section, and any additional locations you practice at or billing/mailing locations under your employer should be listed under the <u>Practice Locations</u> section of the portal application. See come common examples below:

Employer with multiple clinic locations

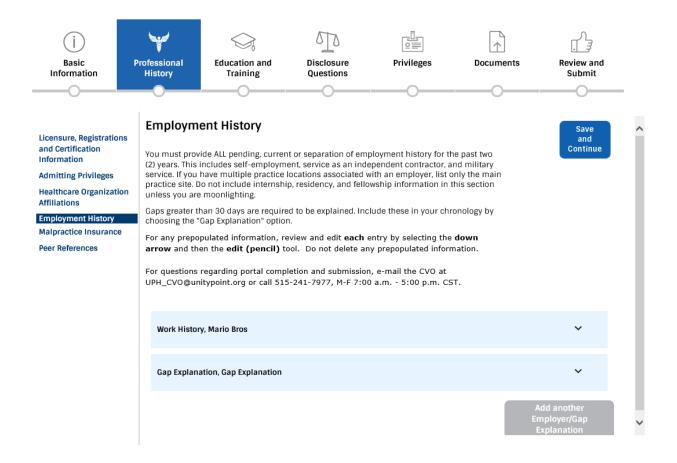

If you are employed by an entity that has multiple clinical locations we only need the primary location listed in your employment history, we do not need all of the various clinic office locations you may see patients at under that employment history.

For example, UnityPoint Health/UnityPoint Clinic Providers will often go to multiple clinics or work in multiple emergency departments as part of their employment. It is unnecessary to list all UnityPoint locations that you may see patients at under employment history as all those locations are for the same employer, you will just list UnityPoint Health once with your original start date.

Locum Work History

If you are employed by a locums agency we only need the agency listed in your employment history, we do not need all of the clinical assignments and locations you were assigned to with that agency under work history.

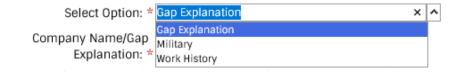

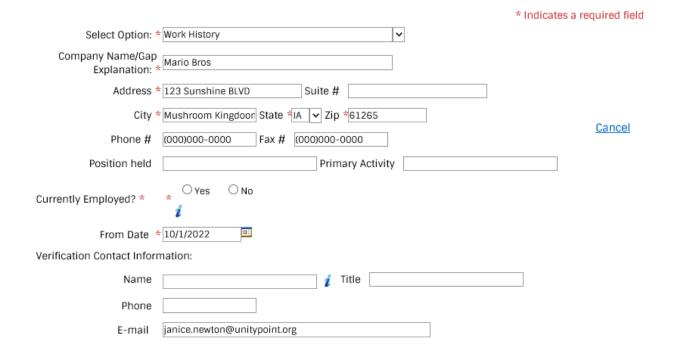

To add history, including pending employment, you will select the gray box "Add Employment/Military/Gap(s)" or "Add another Employer/Gap Explanation"

Use the "Select Option" dropdown to change between Work History, Military, and Gap Explanations

In order for the "Thru Date" to populate you must check "No" for "Currently Employed?", even for Gap Explanations

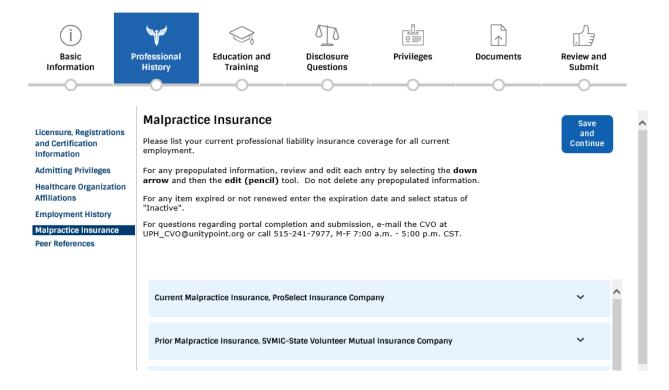

Current Insurance Carriers –

All current malpractice insurance carriers must be entered as requested on your portal application. For insurances that are no longer active, please review the Disclosure Questions and complete associated Disclosure Forms if applicable. Do **NOT** delete insurances that are expired/not renewed.

If you are unaware of the current insurance carriers that afford your coverage then you and/or your delegate credentialing contact will need to contact your employers and/or possibly medical staff services to obtain this information.

<u>UnityPoint Health (UPH) applicants</u> – Please collaborate closely with your recruiter to validate the entity that will be providing current malpractice coverage for you, so that you can add that info here. You will likely list your coverage as "UnityPoint Health Self Insured"

All coverage must be accounted for each training program and employer, there is a field for you to identify the education program or employer associated with each coverage entry you add.

To add insurance information, including pending/future, you will select the gray box "Current Malpractice Insurance Carrier" or "Add Malpractice Carrier"

Privileges Section (N/A for PHO only enrollment)

This section is only in the portal utilized for applicants seeking hospital membership/privileges.

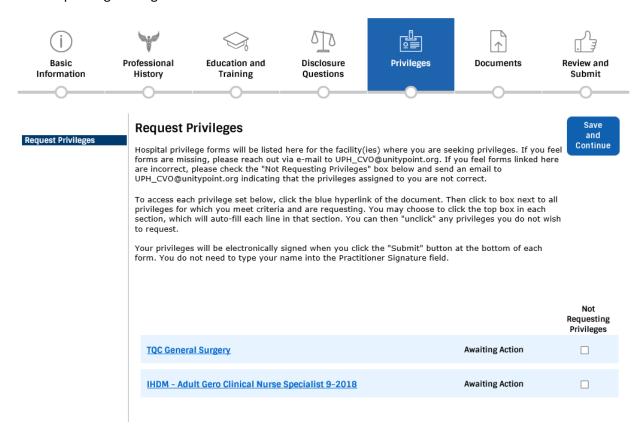

Providers who are needing to be recredentialed at hospitals for membership/privileges, you will see a section called "Privileges" on the top of the portal page.

The Delegate Credentialing Contact who may be assisting with your application cannot complete these forms for you.

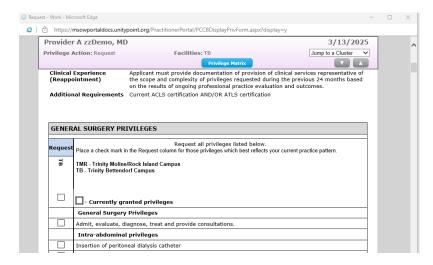

To view and complete the privilege forms you must click on the words "Request Privileges" on the left side of the screen.

You will need to click on EACH privilege set name to open the form for requesting the privileges. "Awaiting Action" means that you have not yet completed the forms. If you do not wish to have privileges for a particular Hospital or Specialty any longer please contact the Medical Staff Services and select the "Not Requesting Privileges" box.

You will select the Privilege Form you want to complete and will receive a pop-up window, be sure to check your other screen if using multiple monitors and your pop-up blocker settings if the window does not show for you.

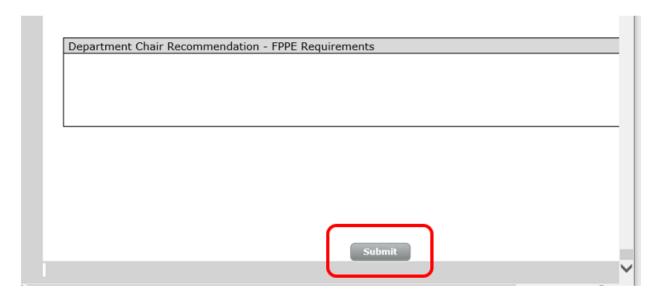

You will check the privileges you want to request

Page **58** of **69**

At the end of the privilege request form, you MUST click the "Submit" button.

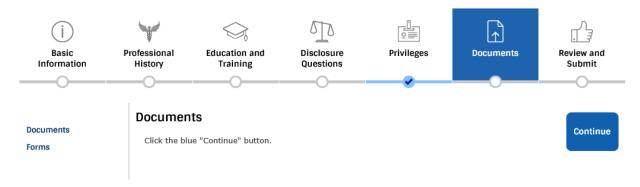

Once successfully submitted, the main Privilege Section screen changes to show you have requested the privileges with a date noted.

Request Privileges	Request Privileges Hospital privilege forms will be listed here for the facility(ies) where you are seeking privileges. If you feel forms are missing, please reach out via e-mail to UPH_CVO@unitypoint.org. If you feel forms linked here are incorrect, please check the "Not Requesting Privileges" box below and send an email to UPH_CVO@unitypoint.org indicating that the privileges assigned to you are not correct. To access each privilege set below, click the blue hyperlink of the document. Then click to box next to all privileges for which you meet criteria and are requesting. You may choose to click the top box in each section, which will auto-fill each line in that section. You can then "unclick" any privileges you do not wish to request. Your privileges will be electronically signed when you click the "Submit" button at the bottom of each form. You do not need to type your name into the Practitioner Signature field.
