## Shaping the Future of Mental Health Care

As we look to the future, UnityPoint Health - Des Moines is excited to announce the construction of a new comprehensive community mental health center for Eyerly Ball, a significant investment in mental health services in Des Moines.

Access to comprehensive mental health services is one of the leading concerns for our community and state leaders. The **One Place for Care** campaign, a \$1 million campaign to support this project, will allow us to create a centralized hub to serve every person who comes to us in need and will set the tone in Iowa and throughout our region for how we can best serve those in need of Eyerly Ball services.

The new building, located adjacent to Iowa Lutheran Hospital, will transform mental health care in central Iowa. Donor contributions will play a vital role in bringing a full continuum of mental health services to one campus. By integrating many clinical services under a single roof, we will also be able to expand the size and mix of programs available to make sure every person struggling is seen and heard.

Your donation can make all the difference. By supporting the **One Place for Care** campaign, you will have a direct impact on our community. Together, you will create long-term solutions to these challenges, creating a healthy community for everyone. ## Your 2023 Impact

Your support can be seen throughout Iowa Methodist Medical Center, Iowa Lutheran Hospital, Methodist West Hospital, Eyerly Ball and UnityPoint Hospice. Your gifts helped fund essential projects and programs benefiting patients, families, and team members that otherwise would not be possible. You helped inspire medical teams, save lives in real time and advance progress.

Thanks to you, UnityPoint Health - Des Moines continues to meet the unique health care needs of our community, throughout Iowa and beyond. **Donor support helped:**

### Critical Care Unit

The Critical Care Unit Social Worker Program is now endowed thanks to an incredible gift by the Fred Maytag Family Foundation. This gift ensures patients and families have the programs, services and resources needed in the CCU that insurance does not cover.

### Dorner-Villeneuve Simulation Education Center

Added a new state-of-the-art mannequin to help simulate a geriatric patient to improve clinician training when working with older patients.

### Nurse Education

More than 200 nurses advance their education and practice through continuing education, certifications and conference attendance.

### Next Generation of Physicians

Launched our eighth residency program - Emergency Medicine - to help educate, recruit and retain the best up and coming physicians to care for you and your family.

### Powell Chemical Dependency Center

Powell celebrated its 50th anniversary by treating 710 individual patients and provided alumni support events that were attended by more than 1,700 members and friends of the recovery community.

### Taylor House Hospice & UnityPoint at Home

Provided 725 music therapy visits, bringing comfort, peaceful moments and meaningful experiences for patients and families.

### Yunker Rehabilitation

Parkinson's patients participated in 765 "Big and Loud" therapy sessions designed to improve function and slow motor deterioration as well as help with vocal clarity.
