# When do I need a DUA from UnityPoint Health - Meriter?

#### UW PI 1) manually enters **Research Scenario 1** PI needs a DUA PI sends Meriter Meriter data into a file on UW **Meriter Only Shares LDS** from Meriter LDS to 3<sup>rd</sup> party. Server (REDCap or Dept. UW Researcher collects nonbefore getting PI Needs UW Server), **OR 2)** Meriter Sensitive Data\* from Meriter. LDS **DUA** with the employee sends data **Qualifies as a Limited Data** transferred or third party. data. electronically to UW PI, OR 3) Set (LDS). used by the PI. PI manually enters or uploads the data to a third party.

**Meriter Quality Project Scenario -** The UW SMPH physician is part of the Meriter workforce in this scenario. The UW MD is doing health care operations for Meriter (not research).

## How do I request a Meriter Data Use Agreement?

Go to Intake & Request Forms – SMPH Contract Solutions – UW-Madison

(https://contracts.wiscweb.wisc.edu/intake-decision-tools/) Scroll down until you see the image at right. Follow the instructions.

## How do I get a Waiver of Authorization?

This is part of the IRB approval process. You should request a Waiver of Authorization in your application to the reviewing IRB.

### **Definitions**

What is a Limited Data Set (LDS)? An LDS is clinical dataset that includes only the following HIPAA identifiers: city, state, zip code, dates. If the data set includes more HIPAA identifiers than this, it is not a limited data set.

What is a Data Use (and Transfer) Agreement (DUA)? An agreement between institutions that outlines how the LDS will be used and protected. The institution where a limited data set originates and the institution receiving the data sign the agreement.

\*Sensitive Data – HIV/AIDS, substance abuse, mental health, genetic information
