

Heart Care

At UnityPoint Health - Fort Dodge, we work hard to provide you and your family with the best heart care close to home. Our team of experts provide life-saving care and are able to treat many conditions using minimally invasive procedures.

Your heart is in the right place at Trinity Regional Medical Center.

heart care wish list:

LEARN
MORE

Donations restricted to heart care will be used to provide equipment and programming for our cardiology department. Some examples include:

- Digital talking scales - **\$30**. These scales are inexpensive but effective in helping patients with congestive heart failure track weight gains, which might be a sign of retaining fluid. Talking scales assist individuals who have trouble reading the scale.
- Ultrasound machine for ECHO cardiograms - **\$109,000**. This machine is used to examine the heart. It is a safe and non-invasive technique.
- Hemodynamic system - **\$22,500**. This system monitors vitals during an angiogram and automatically exports information to the patient's medical record.
- Echocardiogram table - **\$25,000**. This table provides easy access to the patient from all sides providing more comfort and safety. The table focuses on patient comfort during lengthy procedures.
- Cardiac Rehab Program - **\$50,000**. Cardiac rehab is a medically supervised program that helps patients increase physical activity. Equipment replacement is an annual expense.
- Intra-aortic balloon pump - **\$85,000 each/3 needed**. This therapeutic device helps your heart pump more blood when you are unable to pump enough blood for your body.
- ACIST contrast injector system - **\$126,000**. This equipment informs cardiologists during peripheral, cardiovascular, and structural heart procedures. It helps visualize, assess and inform treatment.

Please contact Carol Grannon for more information or with any questions: (515) 574-6794 or Carol.Grannon@unitypoint.org.

cancer center wish list:

LEARN
MORE

Donations restricted to the Norma Schmoker Cancer Center provide patient assistance during treatment. Most patients have medical insurance to help with medical bills; however, many are not able to work during their treatment which creates a strain on other areas of the family budget. Some examples of assistance include:

- Gas cards - **\$5,000 annually.**
- Grocery cards - **\$2,500 annually.**
- Wigs, scarves, and hats - **\$5,000 annually.**
- Patient assistance - such as Lifeline monthly fees, nutritional supplements, wound care supplies and out-of-pocket medications - **\$20,000 annually.**

Please contact Carol Grannon for more information or with any questions: (515) 574-6794 or Carol.Grannon@unitypoint.org.

UnityPoint Hospice - Fort Dodge

The hospice philosophy accepts death as the final stage of life. It affirms life but does not try to hasten or postpone death. Hospice care treats the person and symptoms of the disease, rather than treating the disease itself.

A team of professionals work together to manage symptoms so that a person's last days may be spent with dignity and quality, surrounded by their loved ones.

families and children wish list:

LEARN
MORE

Donations to families and children provide equipment, programming, and supplies for growing families. Some examples include:

- Labor and Delivery beds - **\$16,500 each**. A comfortable bed is important. Several of the current beds need to be replaced due to age and use.
- Panda Warmer - **\$56,775**. This warmer is used immediately after birth to help babies retain their body temperature.
- Supplies for Caring Hands Closet - **\$15,000 annually**. This closet is stocked with formula, clothing, and equipment - all necessary in raising a child. Parents earn points by taking birth/parenting classes and can then redeem the points for needed equipment or clothing.

Please contact Carol Grannon for more information or with any questions: (515) 574-6794 or Carol.Grannon@unitypoint.org.

mental health wish list:

LEARN
MORE

Donations restricted to Berryhill Center provide patient assistance. Some examples include:

- Cab vouchers - **\$2,500 annually**. Providing cab vouchers safeguards against missed appointments.
- Gas cards - **\$5,000 annually**. For patients who travel a distance for appointments, assistance with gas is often needed and appreciated.
- Medication assistance with co-pays - **\$1,000 annually**. The cost of medicine can be a burden for patients. Paying the co-pay for patients increases medication compliance.
