

PEDIATRICS & PEDIATRIC/INTERMEDIATE UNIT

The Pediatrics and Pediatric/Intermediate Units care for children from infants through 18 years of age. Pediatrics has 17 beds. Children admitted to Pediatrics or Pediatric/Intermediate Unit can suffer from a wide range of illnesses or injuries.

In 2008, St. Luke's began the area's first Pediatric Hospitalist Program. When a child is admitted to the hospital, their primary physician entrusts their care to the Pediatric Hospitalists. These physicians specialize in the care provided to children in the hospital.

Year	Total Admissions
2018	1,533
2019	2,015
2020	1,026
2021	1,420
2022	1,445
